Dear Mr. Newman:

Since SPMC is turns 30 in 1992, I'd like to provide our members with some information about the Charter Members like yourself who are responsible for the Society's success.

If you would be so kind, please send me a brief biography of yourself, and why you joined the Society. Also, if you have any stories about "the early days", I'd certainly like to share them with our members. Since you've been a member for so long, please feel free to include any other thoughts you'd like to share with our newer members.

Also, I'd really appreciate it if you could include a photograph of yourself for these vignettes. A black-and-white "wallet size" would be best, but I can adapt virtually any type of photo you can send me. I will return your photograph.

Thanks very much, and I really look forward to hearing from you.

Sincerely,

A handwritten signature in blue ink that reads "Bob Cochran". The signature is fluid and cursive, with a long horizontal stroke at the end.
